

REGISTRATION, VISA APPLICATION, ABSTRACT & REGISTRATION FEES

All participants must register by **March 1, 2020**

For registration, send your full name and all the necessary data for the preparation of the Invitation for the issuance of a Russian visa (see below).

This deadline is due to the fact that the organizers must know the exact number of ISAM participants, their names in order to submit documents to the border service to obtain permissions for the visit of frontier zone where fungi collecting is planned during the symposium.

Also in March, we need to know when each of the participants will arrive so that we can start booking hotels. The end of July and the whole of August is the peak of the tourist season in Altai, so we need to book hotels in advance.
